

Catering Trailer Hire (CTH) based in Falkirk, Scotland specialises in hiring out stylish custom built catering units and demountable kiosks. We rent out our unique Coffee Barrel units, temporary kitchens, ice cream trailers, hot dog carts and mobile sink units.

Our full range of catering trailers and kiosks are available from 8ft and 22ft lengths. They are designed for a variety of uses but in particular to allow hot and cold food to be served via coffee bars, ice cream parlours, retail shops, snack bars or just about any kind of on-site business use you can imagine.

Gleneagles have a Carriage kiosk on their links course that provides snacks and refreshments. Dumfries House have an outside Coffee Barrel serving their clients with a convenient, pleasant area to sit outdoors whilst having refreshments.

Have you thought about offering your clients an outside refreshment area? Our kiosks are very well received by customers and offer you an inexpensive way to increase your turnover and at the same time satisfy customer needs. And if rent a kiosk, you can claim back tax relief on rental costs, whether the rental is for a season or longer term.

Interested but not sure where to start? Discuss your ideas with us, decide what sort of food and refreshments you want to offer and we can guide you on what type and size of kiosk you would need. Alternatively, we can custom build a kiosk to suit your exact needs.

In our considerable experience, the secret to a successful operation is the right mix of location, presentation, personnel with the right food and prices. As well as having happy customers you can make serious profits.

CTH will deliver a kiosks to a specific location , set everything up and train your staff on the operation of the equipment and the kiosk. We pride ourselves on excellent ongoing customer service.
